PROFILE

A versatile web developer skilled in JavaScript, TypeScript, React etc. Built projects like Bloggling, a blogging platform with Appwrite based authentication and database handling. Experienced with responsive design, REST APIs, and UI libraries such as TailwindCSS, Bootstrap, and Material-UI. Proficient in Git/GitHub, with strong problem-solving skills and adaptability.

PROJECTS

Bloggling

- A Modern Blogging Platform where users can share insightful stories on the topics that matter most to them and share ideas with the world.
- **Tech Stack:** Created in Typescript and React. Tailwind CSS for styling. Appwrite for Auth and Database and Redux Toolkit for State management and Vite plugin for PWA.
